

TATA STEEL

The Institute of Materials,
Minerals and Mining

SIXTH FORM MATERIALS PRIZE

OFFICIAL ENTRY FORM

You should complete an official entry form for each of the candidates that you wish to put forward to the National final. Please print a form out for each candidate and make sure you and your candidate complete all fields in block capitals using **blue** or black pen.

In particular please make sure that you complete your registration number (you will have received this shortly after you applied to take part. This consists of **SFP1415 - xx**, where xx is a two digit number) and that you and your student sign the declaration at the bottom of the form.

As part of this submission the student needs to write a short statement (no longer than 400 words) explaining why they decided to take part in the project, what they have enjoyed and what they feel they have got out of participating. They should also discuss their interest in materials and highlight any particular aspects of the project that they have found particularly stimulating.

You are also required to write a brief statement (no longer than 250 words) explaining why you feel each candidate deserves to go on to the National Final. In this you should highlight how you feel the student has benefitted from participation and what they have brought to the group.

Entries should be posted to:

Dr Diane Aston
A&BSFP1415
Institute of Materials, Minerals and Mining
The Boilerhouse, Caunt Road,
Grantham, Lincolnshire
NG31 7FZ

If you have any questions please do not hesitate to get in touch
