Designing in the Dark:

selecting materials of construction for a first-of-its-kind process technology

Katie Atkins
Materials & Corrosion
Engineer

JM Johnson Matthey
Inspiring science, enhancing life

The process of selecting materials of construction (MoC) in the design of a chemical process plant can be challenging, especially for a new technology where limited reference work exists. A methodology will be outlined

CIE lectures qualify for **C**ontinuing **P**rofessional **D**evelopment
