FIRST ANNOUNCEMENT
AND CALL FOR PAPERS

ADHESION ’13
TWELFTH INTERNATIONAL TRIENNIAL CONFERENCE ON THE
SCIENCE AND TECHNOLOGY OF ADHESION AND ADHESIVES

4-6 / SEPTEMBER / 2013
NATIONAL SCIENCE AND LEARNING CENTRE,
UNIVERSITY OF YORK, UK

www.iom3.org/events/adhesion13

Organised by
Co-ordinated by the Society
for Adhesion and Adhesives
which is linked to the
Surface Engineering
Division of

Society for Adhesion
and Adhesives

The Institute of Materials,
Minerals and Mining

The 12th Conference in this highly respected series will return to the historic city of York in 2013. The SAA’s Adhesion Conference series covers all aspects of the science and technology of adhesion and adhesives, including:

- Adhesion in the marine environment
- Adhesives for electronic applications
- Advances in adhesive materials: structural and pressure-sensitive adhesives
- Bio-adhesion and biomedical adhesion
- Engineering aspects of adhesion and engineering applications
- Environmental and ecological aspects
- Fundamental aspects of adhesion
- Industrial aspects
- Innovative designs and applications
- Mechanical properties of bonded joints including joint design and durability
- Nano technology as applied to adhesives
- New crosslinking chemistries and novel polymer structures used in adhesives
- Quality procedures, testing and standardisation
- Science, technology and properties of surfaces

As always, high priority will be given to a poster session, as well as oral presentations, the Wake Memorial Lecture and presentation of the de Bruyne Medal.

CALL FOR PAPERS

The deadline for submission of 300 word abstracts is 5 January 2013. The preferred method of submission is via the conference website at www.iom3.org/events/adhesion13. Full details regarding terms of submission are available on the website.
